THE ICE TRUST

GETS NAOMI PINES

Largest Body of Pure Spring Water in the Pocono Region-Other News

from Stroudsburg. Special to The Scranton Tribune.

Stroudsburg, March 23.-The Pocon Spring Water Ice company of Noami Pines, this county, and one of the largest plants here, has been purchased by the American Ice trust. several weeks the trust has had its Pocono Spring Water Ice company is the largest and most thoroughly equipped of any on the Pocono moun-The plant of the company controls about 600 acres of pure spring water and during the season just about to be completed about 2,000 cars of ice have been shipped direct from Lake Naomi to New York city. This makes a total tonnage this season of about 200,000 tons. The capacity of the lake is about 800,000 tons, which the company will be able to harvest as soon as the proper facilities can be provided and the lessees will not find necessary to acquire any other plants. At the present time twelveinch ice is still being housed and shipped at the average rate of fifty cars per day, and some of the ice taken from the lake during the season has been as thick as eighteen inches. The ice is taken from pure spring water and is in great demand, and the royalty from the tonnage of ice alone aside from the fixed rental, will insure large dividends to the stockholders. The deal with the lessees was brough about by the secretary.

The Type of the Prevailing Grip.

From the New York Herald

"Although Grip prevailed in mild form during the late autumn months, it has now taken on an unmistakably virulent type in the extent and character of its new invasion. During the last fortnight thousands who have escaped heretofore have been stricken, and the disease is plainly epidemic over a very wide section of country.

The type of the disease is essentially catarrhal and chiefly manifests itself in inflammatory affections of the mem branes of the nose, throat and upper air passages. The attack is quite sudden and here is generally a high temperature, with pain in the forehead, hacking and rritative cough, with general muscular pains and prostration.

It is the attention to little things-the avoidance of draughts, the cultivation of habits of temperance in eating and drink ing, the obedience to all hygienic ruleswhich can make any one reasonably

I think I have done so. One of the things I have found out to my entire satisfaction is the proper remedy for allments due directly to the effects of the climate. For 110 years I have withstood the changeable climate of the United States. During my long life I have known a great many remedies have known a great many remedies for coughs, colds, catarrh and diar-rhoea. I had always supposed these affections to be different diseases. The Home Mission society of the Primitive Methodist church held their regular monthly meeting at the of Mr. and Mrs. George Carey, of Lincoln Hill. There was an unusually large crowd present. The amount taken at the supper table was \$4.65 and for salary they received \$7. The ladies are earnest workers. They have already assisted admirably in relinquishing the standing indebtedness of the church. On Thursday they formed a sewing circle and will give their services for a small compensation. - The officers are: First president, Mrs. Elizabeth Llewellyn: second president, Mrs. Anna Lampman: secretary, Mrs. Mary Blease. Before returning they wished Mr. Carey God speed and good luck on his journey to Superior, for which place he will leave today.

Yesterday morning an alarm of fire was sounded and in a few minutes the street assumed a metropolitan aspect. The clarm became still greater when it was learned that the fire was in the Avoca colliery breaker. What to Do Until the Doctor Arrives It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's friends until he has a constant demand for it from that part of the country.

I believe it to be especially valuable to old people, although I have no doubt it is just as good for the young.

Mrs. W. Rocher, of Marshall, Missouri, in a recent letter to Dr. Hartman, speaks in glowing terms of Peru-na. The following is an extract from a letter written by her. She says: "I am very thankful to you for your kindness, and am very much benefited by your advice and medicine. I did not think I could live without Peru-na but now I am entirely well. Mason's Health Defenders Will Relieva You in 13 Minutes and Cure You Speedily.

THEIR ACTION IS SIMPLY MARVELOUS

These famous tablets are prepared from the formulas which made four physicians famous.

They are the result of years of practice, and can be taken with absolute confidence by young and old.

The relief they give is prompt, the cure—the complete cure—is speedy.

We propose this free distribution bethe complete cure—is speedy.

We propose this free distribution because we know precisely what these extraordinary Tablets will do.

We call them "EXTRAORDINARY" because that's the only word that describes them.

traordinary Tablets will do.

We call them "EXTRAORDINARY"
because that's the only word that describes them.

You may be sure that we would not risk our business reputation and our future welfare in these Tablets unless we knew the cure that will get at the sent of the disease.

They are unlike any other tablets that you ever heard of.

All that goes into them to make them strong and sure in the cure of Dyspepsis comes from foreign climes, where a largabody of men are cligaged by specialists to collect and combine.

With all their remarkable strength they are free from such dangerous drugs as Calomel, Opium or Aloes.

They cannot fail to do good. Believe us, if your physician knew what these Tablets contained, he would (if he had your welfare at heart), be the first to recommend them to you.
